

What is

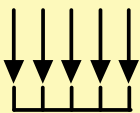

racism?

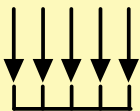

In the world their are lots of different

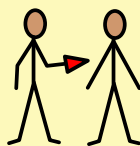

people.

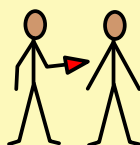

Every single person is different.

Every single person is special.

You are special.

You are important.

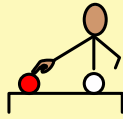

People

have

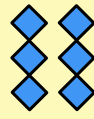

things

that

are

similar.

Some

people

are

very

tall.

Some

people

have

a

wheelchair.

Some

people

are

deaf.

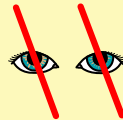

Some

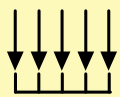

people

are

blind.

Every

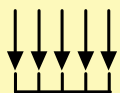

individual

is

special.

Every

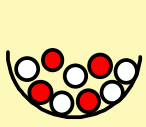

individual

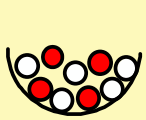

is

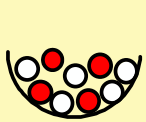

important.

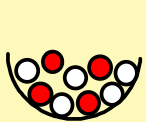

Some people have white skin.

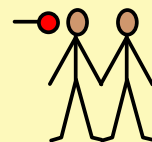

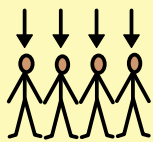

Some people have pink skin.

Some people have brown skin.

Some people have black skin.

Everyone, no matter what colour their

=

=

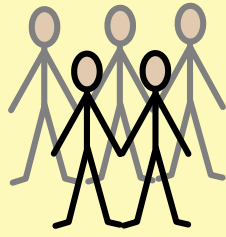

+

skin is, is special and important.

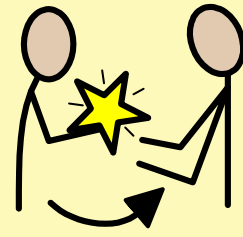

When

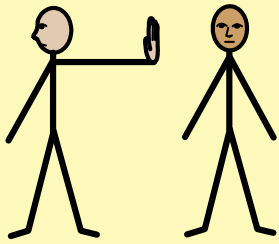

people

are

treated

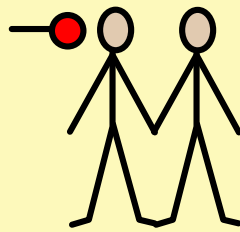

differently

because of the

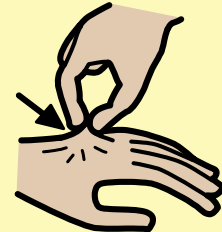

colour

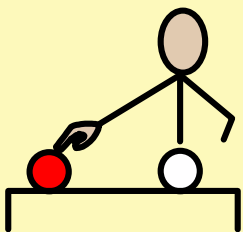

of

their

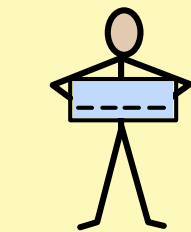

skin,

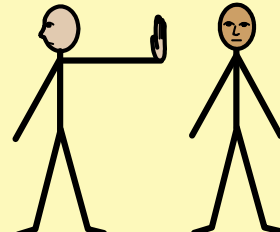

that

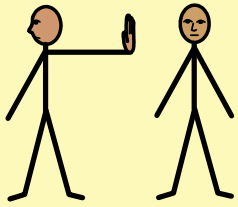

is

called

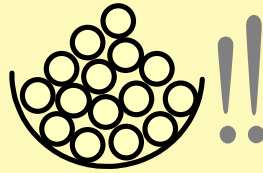

racism.

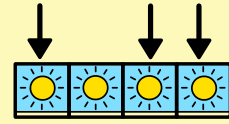

Racism

is

most

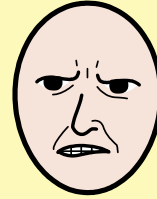

often

someone

being

mean

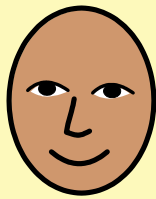

to

people

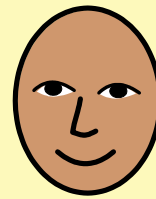

with

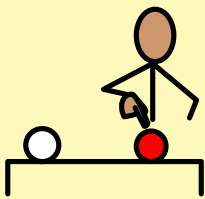

brown skin

or

black skin.

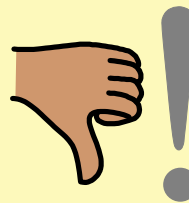

This

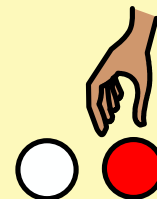

is

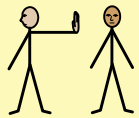

a

very bad

choice.

Racist

people

may

ignore

someone

who

has

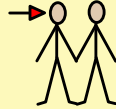

different

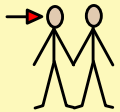

skin

than

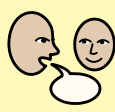

them.

They

may

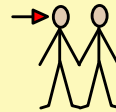

say

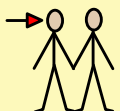

bad words

to

them.

They

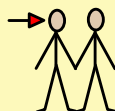

may

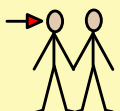

be

horrible

to them.

They

are

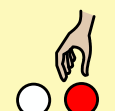

making

a

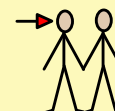

bad

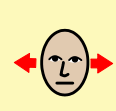

choice

because

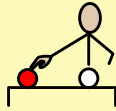

they

did not

learn

that

brown people

+

black people

are

special.

Black people

+

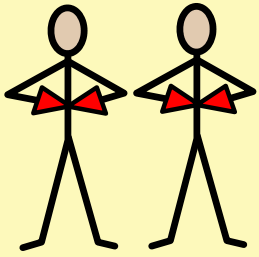

brown people

are

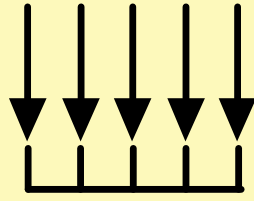

important.

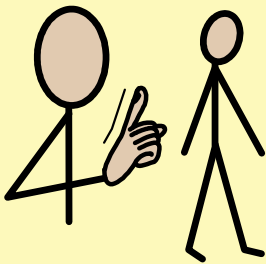

We

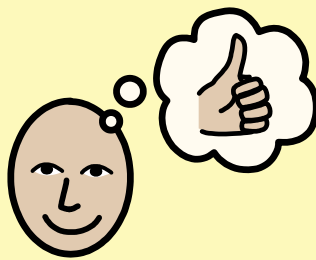

can

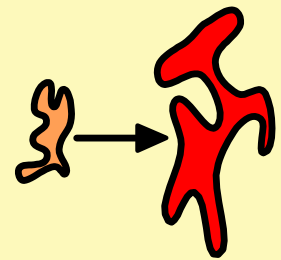

all

make

a positive

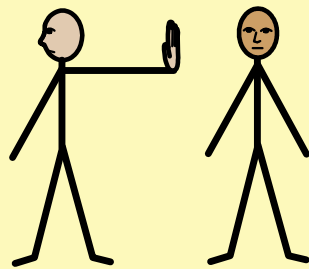

change

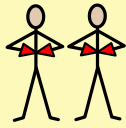

to

stop

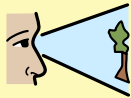

racism.

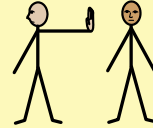

If we

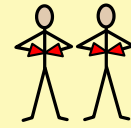

see

someone being

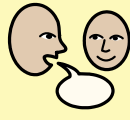

racist

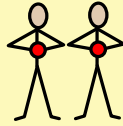

we

must

tell

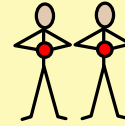

our

grown ups

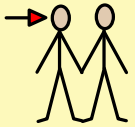

and

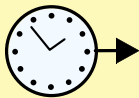

our

families.

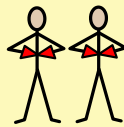

They

will

help

us

to

talk about

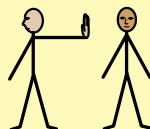

it

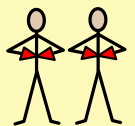

and

to stop

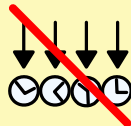

racism.

We

must

NEVER

be

mean

to

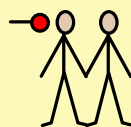

someone

because

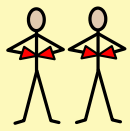

of the colour

of their

skin.

We

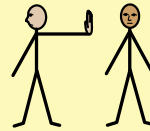

must

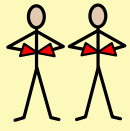

keep

talking about

racism.

We

must

keep

learning

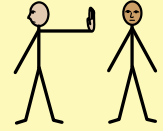

how

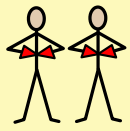

to

stop

racism.

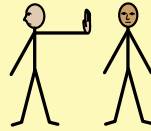

We

have to

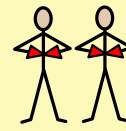

stop

racism

because

we

know

brown people

and

black people

are

special.

Black people

and

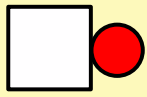

brown people

are

important.

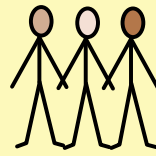

By

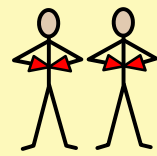

being

kind

to

everyone

we

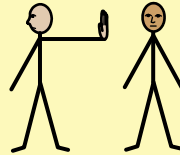

can

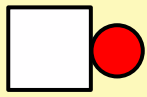

help

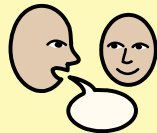

stop

racism.

By

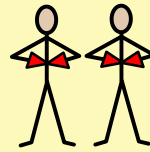

telling

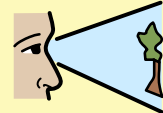

someone

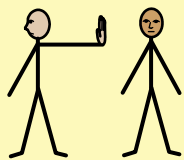

if

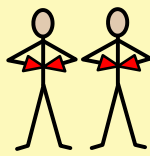

we

see

racism

we

can

help

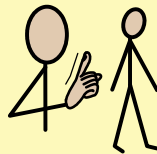

teach

the

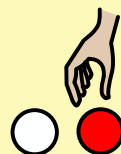

people

making

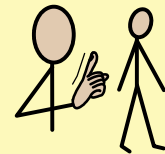

bad

choices

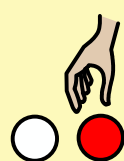

to

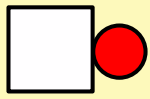

make

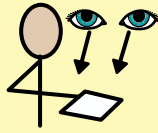

good

choices.

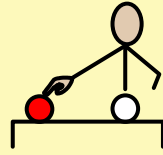

By

showing

people

that

brown people

+

and

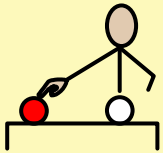

black people

?

are

special.

That

black people

+

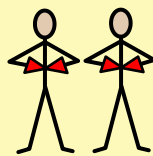

and

brown people

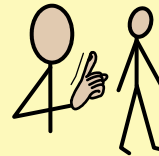

are important

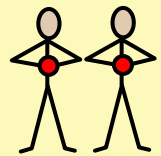

we

can

make

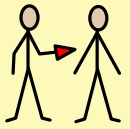

our

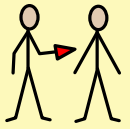

world

better.

You are special.

You are important.

Brown people

and black people

are

special.

Black people

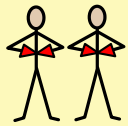

and brown people

are

important.

We

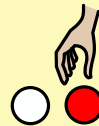

are

making

a

good

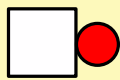

choice

to

work together

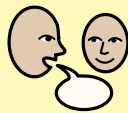

to

by

kind,

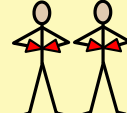

to

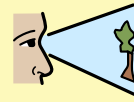

say

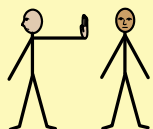

when

we

see

racism

and

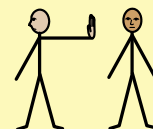

work together

to

stop

racism.
