Accessibility statement

Heronsdale Primary School is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

This accessibility statement applies to [www.heronsdale.co.uk].

This website is run by [Heronsdale Primary School]. We want as many people as possible to be able to use this website.

For example, that means you should be able to:

- Change colours, contrast levels and fonts using browser or device settings
- Zoom in and out to increase and decrease text size
- Listen to most of the website using a screen reader
- We've also made the website text as simple as possible to understand.

AbilityNet has advice on making your device easier to use if you have a disability.

How accessible this website is

Although we have gone through great lengths to make this website as accessible as possible, there are some things we are still working on.

- Being able to zoom in really close without text spilling out of areas
- Navigate most of the website using a keyboard or speech recognition software

Feedback and contact information

If you find any problems not listed on this page or think we're not meeting accessibility requirements, or If you need information on this website in a different format like accessible PDF, large print, easy read, audio recording or braille:

- Email **office@heronsdale.co.uk**
- Call **01273 596904**

We'll consider your request and get back to you as soon as possible.

Enforcement procedure

The Equality and Human Rights Commission (EHRC) is responsible for enforcing the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 (the 'accessibility regulations'). If you're not happy with how we respond to your complaint, contact the Equality Advisory and Support Service (EASS).

Compliance status

This website is partially compliant with the Web Content Accessibility Guidelines (WCAG) version 2.2 AA standard.

The content listed below is non-accessible for the following reason(s):

(a) Non-compliance with the accessibility regulations

Some images may not have a text alternative, so people using a screen reader cannot access the information.

We plan to add text alternatives for all images. When we publish new content, we'll make sure our use of images meets accessibility standards.

(b) Disproportionate burden

Navigation and accessing information

- It's not always possible to change the device orientation from horizontal to vertical without making it more difficult to view the content
- It's not possible for users to change text size ***massively*** without some of the content overlapping

(c) the content is not within the scope of the accessibility regulations

Live video

We do not plan to add captions to live video streams because live video is exempt from meeting the accessibility regulations. This is also not something the website currently has so does not need to be considered at this stage
